Chart # HSC-20250108

Patient: Dana Whitfield

DOB: 01/09/1984

Discharge — 05/14/2026 (visit 24 of 24)

Neck 4/10, intermittent R arm tingling with prolonged computer work; LBP 2/10. The 8-week plan is complete.

Recommended: continue care 2x/week for 4 more weeks. Patient declines further visits at this time: her mother, who provides childcare for her 3-year-old son, has been hospitalized and she cannot arrange care.

Discharged, improved, with a home exercise program; return if symptoms worsen.

Kevin Ames, DC
